

Kennedy Space Center

January 22nd, 2018

3...2...1...Blast Off!

Join us as we travel to the Kennedy Space Center in Cape Canaveral and explore the NASA Kennedy Space Center launch headquarters. Located on a wildlife refuge eight times the size of Manhattan, this hub of technology and discovery will fascinate all who visit. Your space tour starts with a stop at the four story LC-39 observation gantry, where you will get a birds eye view of the space shuttle launch pads and parts of the world's busiest space launch facility. The second tour stop is the acclaimed Apollo/Saturn V Center, where you will walk beneath a massive Saturn V rocket, relive Neil Armstrong's first steps on the moon and experience the thunderous rumble of a Saturn V moon rocket lift off. You will also take a trip to the International Space Station Center where you will see real parts of the space station being readied for launch! You will get the unique chance to tour NASA's launch and landing facilities, experience interactive simulators, enjoy live shows and have jaw-dropping encounters with massive rockets. Don't forget to visit the new *Science On a Sphere* at the Hall of Fame, the rocket garden, the Space shuttle plaza & the astronaut memorial. You will also have time to view the IMAX screenings & visit the Astronaut Hall of Fame. Sign up now as you won't want to miss this special day out. **Minimum of 35 required!**
