

# Craft Brewery Tour

## April 2nd, 2019

Join us as we explore the unique craft brews of the Tampa Bay area! We will begin with The Cigar City Brewery, where we will tour and taste the best they have to offer. Next, we will visit the Armature Works, a hip food hall that used to house the Tampa Trolley system and is now converted into an event space and restaurant! Finally, we will visit the Ulele Brewery and sample some of their wonderful brews! Ulele celebrates the vibrant fusion of ingredients from Florida waters and land once home to many Native Americans, including princess Ulele. You won't want to miss this great beer tour!! Sign up today!
