

Craft Brewery Tour

October 23rd, 2018

Join us as we explore the unique craft brews of the St. Petersburg area! We will begin with 3 Daughters Brewery, where we will tour and taste the best they have to offer. The brewery was named after the owners 3 Daughters! They have over 60 different brews on tap. Next, we will visit Green Bench Brewing where we will sample some of their 17 different brews. Finally, we will finish our day at Urban Comfort, a buzzy joint that used to be a gas station, and now serves the finest Southern cooking, as well as having a European style brewery, that uses less carbonation.
