

Safari Wilderness Ranch

November 13th, 2019

Join us for another unique tour! We will start the day with a beautiful lunch at the always delightful Olive Garden! After lunch we will depart for an adventure at Safari Wilderness Ranch. This is not a zoo or theme park, you won't see any lines or crowds to deter you from enjoying this natural adventure. The driver guides are both knowledgeable and experienced and will add flavor to this special day. They will guide you through large herds of exotic game on over 260 acres of pristine wilderness while riding in customized safari vehicles, fitted with shade canopies and stadium seating. The ranch specializes in wetland exotic species, African Watusi and Irish Dexter cattle (heritage breeds), as well as Austrian Haflinger horses. Their dramatic landscape is surrounded by an 870 square mile pristine watershed (The Green Swamp) that is the source of four of Florida's finest rivers. Join us on an exclusive, fun and educational journey where you will learn about Florida's natural and human history, the ranch's conservation programs, and encounter amazing animals that are either endangered or extinct in the wild. **Close toed shoes required.**
