

Shrimpin' & St. Simons

MARCH 18th, 2024

Our adventure today takes us to the coast of Georgia. Today we board the “Lady Jane” - a United States Coast Guard certified shrimping vessel, recently retired after years of loyal service to the shrimping industry. She has been painstakingly refurbished for our cruising pleasure. We’ll cruise the protected waters of the St. Simon Estuaries System of the Marshes of Glynn and its tributaries. Our crew will haul in the nets and our guide, a marine biologist, will share insights into the lives of the marine life we welcome on board. We will explore the culture of this area from shrimp to varied species of fish and so much more. The water views and experiences of our cruise will definitely be a highlight of our day here. Following the cruise, we’ll venture over the bridge to St. Simons Island to complete our adventure. Iguana’s welcomes us with delicious luncheon fare. Leisure time this afternoon will be enjoyed at the Pier Village on the Island. You may want to shop, stroll, people watch, view the water scenery, or explore the lighthouse on your own. We’ll return home with memories of our water adventure and time on “The Island.”

ACTIVITY LEVEL 2

\$131.00 per person
